

**CITY OF NEWPORT BEACH
MEMBER OF THE CITY COUNCIL
DISTRICT 2**

JOHN EARL BUTTOLPH
OCCUPATION: Attorney, Dad

AGE: 51

I love living in Newport Beach and appreciate its natural beauty, its dynamic institutions, and the diversity of its residents' lifestyles and occupations. For twenty years I have contributed my skills as an advocate, negotiator, and bridge-builder to serving my client base of small businessmen and women. Independent of alliances and affiliations with the power centers in our community, I am especially well qualified to evaluate and act independently on issues the Council will confront during the next four years - without bias and without obligation to anyone or anything but the residents' greater good.

I will protect our city from expansion of John Wayne Airport.

I will support reasonable residential and commercial development, while insisting that a project's size and scope be in harmony with the character of the surrounding neighborhoods.

I will pro-actively assert the city's inherent power to preserve and enhance our quality of life.

I promise to exercise my best judgment in service to the city. I promise to work respectfully with my colleagues on the Council, with city staff, and with the residents of this city - for all the residents of this city.
